A walk in Whitford Forest Sunday 15th February

Happy New Year to everyone. What ever the weather the dogs always want their walks so as it has been so hot recently we will make it an early start this time. Also to give more shade while walking we have chosen the Whitford Forest behind Maraetai.

So we will meet at 8.45am and start the walk at 9.00am. Do bring drinks with you plus any food you may need. Clothes suitable for the weather and comfortable shoes. The tracks are firm but there are water holes which the dogs will make full use of so it would be sensible to bring dog towels.

Dogs should be reasonably fit and under control. These walks are not suitable for dogs under 10 months of age and with the hot weather it can be quite hard for the older dogs. It is not restricted to members so family and friends are very welcome. We walk for about two hours or until everyone has gone far enough so it can be quite tough for small children.

Now how to find the place we meet at:

Drive through Whitford and follow the Whitford/Maraetai Road. This becomes Maraetai Drive and takes you down to the Maraetai beach and a round-about. At this round-about you turn right into Rewa Road which is twisty and takes you back to the forest. At the end of Rewa Road is where we meet. There are houses around so please park carefully and do not block anyone's drive.

Keep your dogs on leads until we go into the forest.

Contact

Sally Felton 0272294803 please ring me if you have any queries or if you get lost on your way there.

Look forward to seeing you all on Sunday 15th February
