

The Labrador Club Walk

Sunday 24th April

We have another new walk to enjoy. This one is on some land owned by our Club's Treasurer Rhonda and it is “real dog country”!

As usual these walks welcome everyone with Labradors and we are even happy to see other breeds as long as all are under reasonable control and are over 10 months of age. Puppies get too excited and tired on the walks and some of the much older dogs sometimes find it hard to complete walks comfortably.

This walk does have a bit of hill walking and there are some places the dogs will get wet and a bit dirty (Labrador heaven!) It would be sensible for people to wear sturdy walking shoes and if it is wet nearer the time water-proof shoes or boots would be wise. The other thing to note is that we will be some way from the nearest cafe so we are suggesting everyone brings their own BYO coffee/tea/drinks for afterwards.

Also bring towels for dirty dogs and clean water for them to drink afterwards.

We Meet: 9.45am

We Walk: 10.00am

Time of walk – usually about 2 hours (any weather)

DIRECTIONS

Turn off the motorway at Pokeno and take the Pokeno/Tuakau road. You come to where the road goes over the railway line at Whangarata and immediately after the bridge is a turn to the left up Ewing Road.

Follow Ewing Road up and along the ridge. It does become Trig Road but follow that to the end where you will see cars parked and Labradors waiting.

If there are people from Pukekohe coming they need to go to Tuakau and take the Whangarata Road toward Pokeno and turn right up Ewing Road just before the Whangarata railway bridge.

If you have any queries please phone me;

Sally Felton 092325664 or 0272294803

Look forward to seeing you there.
