(Please note that it can take up to one month for membership processing as committee meets monthly)

The Labrador Club Inc is one of the largest breed Clubs within New Zealand with a consistent annual membership of 250-300 members. We try to offer our members a varied programme and we also issue our Club Bulletin four times annually. The Bulletin contains articles both helpful and informative about the breed.

Our main events are our Championship Show, Ribbon Parades but we also have educational events from all sorts of interesting people; training in field trialling, and fun competition days. All of these, you will hear about either via email or when you receive the Club Bulletin quarterly.
