

### The Labrador Club

Sunday 30 April 2023

Off to the beach again at Sunset Beach, Port Waikato where there are miles of beach for the dogs to explore. For those who would like it, it is certainly good swimming and popular with surfers.

While it seems a long drive it is only 30 minutes from Pokeno (full directions below).

These walks are suitable for any healthy dog and owner of reasonable fitness. The dogs must be over 10 months old and be under fairly good control.

Walking will be mostly on the beach so shoes can be worn, or not, as wished but everyone will need towels for afterwards as the dogs will take full advantage of the sea. It is also advisable to take some fresh drinking water for your dogs.

We love to see all the family on these walks, and they are not exclusive to just Labradors.

After the walk we have had a very kind invitation from Sue Rae to her holiday house, which is close by for coffee. Sue's garden is fenced and dog secure.

**Meeting time:** 9.45am to start walking at 10.00am as it will be low tide then and better for the walk.

**Directions:** Take the Southern motorway to Pokeno turn-off. At Pokeno take Pokeno Rd to Tuakau – this becomes Whangarata Rd.

Drive straight to the end and turn left to Port Waikato – don't go into Tuakau. Go over a bridge and turn right where there is a sign to Waikato Holiday Camp.

Carry along this road until you see a sign which says Sunset Beach along with other signs on the same post. You will end up at a big parking area right by the sea, we will meet there.

For queries before or on the day please phone Luana Coulam 0212995880

See you there! Walks take place rain, hail or shine.
